Some Plain Facts.

Grave errors, injustices, wrongs of greater or less degree, arise from lack of knowledge of the truth, and more frequently from deception.

The most infamous case on record of deception and injury to the state is the case of the *Stark County Democrat*, a newspaper which has been in existence for over thirty years.

There is no learned judge, skilled lawyer, or court of justice that is capable of rectifying the effort with the constitutional law that governs the issue of money in this country.

The people have been deceived, officials in power, chosen to administer justice under the laws, have ignored their sworn duty, and given aid to the scheme that has paralyzed industry, reduced property values one-half, and beggared millions.

There is no authority of law, either specific or by inference, by which gold alone made the only money with which to discharge debts, either public or private. The effort to make it so is unconstitutional and a national calamity.

Plain and simple information, facts and truth, concerning this most successful scheme to corner the wealth of the people, is being printed in the *Stark County Democrat*, a newspaper which has been in existence for over thirty years.

The combined power of money has failed to muzzle or buy.

EPWORTH WORKERS

Conclude a Successful Session

Held in This City.

THE ATTENDANCE WAS LARGE

And the Interest Manifested is an Earnest

Way of What May be Expected in the

Year That is Opening.

The convention of the Epworth League

of the Canton district, which has been in

session in the First M. E. church, sit-

tingly completed its work at last even-

ing session. The attendance has been so

large that the auditorium of the church

had to be used for most of the meetings

instead of the audience room, as was

originally intended. About 200 delegates

have been in attendance, representing the

50 leagues of the Canton district which

comprise 4,000 Epworth workers. Can-

ton has four of the 50 leagues with a

membership of 500. At the afternoon

session the reports of committees were

made and the election of officers held,

which resulted as follows: President,

W. G. Ryder, Minerva; first vice pres-

ident, Frank Tombs, Alliance; second

vice president, Bertha Johnson, Lisbon;

third vice president, Deane Gray, Ma-

ssillon; fourth vice president, Mary

Krayer, Columbiana; recording secre-

tary, Thomas Pioser, Alliance; corres-

ponding secretary, Faber Elder, Minerva; treas-

urer, Curtis Garner, Canton; junior

superintendent, Mrs. J. A. Fry, Canton;

J. C. Vance of Canton and O. C. Scrin-

ton of Alliance were elected delegates to

the international convention.

The junior league hour was held in the

afternoon instead of the morning. The

little ones to the number of several hun-

dred went through an hour's exercises,

and Rev. F. V. Fisher of Alliance gave an

eloquent address on "The Ideal Junior

League."

At the evening session the installation

of officers was dispensed with until the

next annual meeting, to be held at Min-

erva. Dr. A. B. Hiker, president of Mt.

Union college, delivered an eloquent and

forthright address on "The Future of

League Work."

The favorable reports of committees and

the enthusiasm of the members show the

work to be in flourishing condition. H.

H. Whiting of Canton, the retiring pres-

ident of the league, wishes that the same

progress might attend the league which

has characterized it during his adminis-

tration.

This is the story of an ex-conductor,

A SON FOUND HIS FATHER

Suicide of An Old Massillon Man

Saturday night.

CORONER SCHUFFELL CALLED.

He Visits Massillon to Inquire Into the

Death of a Citizen Who Recently

Lost His Wife and Who Had

Been Very Despondent

Ever Since.

Coroner Schuffell received a telephone

message from Massillon early Sunday

morning, announcing that a resident of

that city had committed suicide. He

went over Sunday and held an inquest.

When Leo Von Kanel reached his

home, 476 North Mill street, in that city,

about 1 o'clock Sunday morning, he

found his father, David Von Kanel, sit-

ting upright in a chair, unconscious, with

a ghastly wound in his head. A revolver

on the floor beside him told the story.

Dr. Garrigue was hastily summoned,

and with Policeman Brownberger

reached the house a few minutes before 3

o'clock. The wounded man was past all

help, however, and died about 5 o'clock.

It is not known at what hour he fired

the fatal shot, as he was alone in the house,

but Dr. Garrigue is of the opinion, from

the nature of the wound that it could
